## PACK EXPO 2010

We are delighted to inform you that Qubiqa will participate at the Pack Expo International Tradeshow from October 31 to November 3, 2010 at McCormick Place, Chicago, Illinois, USA.

Our main focus will be on the Layer Picker and the new application possibilities.

**Qubiqa is located in Hall B2 – Level 3 - Booth # 4660**

**We are looking forward to seeing you**

## The world leader in layer picking

At Qubiqa we have the experience of more than 140 successful global Layer Picker installations. We believe that the answer to increasing picking and distribution requirements is versatility and flexibility. With our unique vacuum technology and the new robot and gantry solutions we can provide a spectrum of applications that will maximize the range of applicable products to be handled as well as optimize the efficiency and sequence of order building.

No matter what challenge you face we believe we have the right tools to solve it.
